Lockers + Storage Range 2023

What sets us apart

Latest Designs

Every piece from our collections are innovatively designed and work together allowing you to mix, match, stack and scale to create a custom, flexible solution to suit your needs.

Customisable

Our products can be supplied standard or customisable to your specification. Available in a wide array of finish options, quality is guaranteed with our lengthy warranties and ongoing product support.

Durable

Our primary consideration is longevity of usefulness. Our products are typically of a heavier construction than the market benchmark which mitigates the need for replacement and disposal.

Sustainable

We are committed to reducing our carbon footprint. We champion continuous improvement in our recycling techniques and work to improve efficiencies in the usage of finite resources.

Great Value

Being vertically integrated allows us to set our prices below the competition so you can do more while spending less without compromising on quality, design or finish choices.

On-Time Delivery

In our extensive warehouse we house our most popular furniture products that can be quick shipped within 48 hours. For larger projects we offer staged installation to meet your build schedule.

How we work

Consult + Plan

At VE Furniture we believe that the success of any project starts with a complete understanding of requirements, budgets and anticipated outcomes. This may include a site inspection and layout.

Design + Order

Once the requirements have been validated we'll design and manufacture furniture to your specification and time frame with regular updates on progress and delivery timeframes.

Deliver + Install

Goods will be delivered via the fleet of VE trucks at a time that's convenient. If desired we can even pre-assemble + place your furniture, and even remove any rubbish to provide you with our full white glove service.

Care + Support

Once your furniture has been in place and utilised we'll follow up to ensure you're completely satisfied with the products and services supplied and will promptly resolve any concerns in the unlikely event of an issue.
