

Special Needs Range 2023

Contents

What sets us apart

Latest Designs

Every piece from our collections are innovatively designed and work together allowing you to mix, match, stack and scale to create a custom, flexible solution to suit your needs.

Customisable

Our products can be supplied standard or customisable to your specification. Available in a wide array of finish options, quality is guaranteed with our lengthy warranties and ongoing product support.

Durable

Our primary consideration is longevity of usefulness. Our products are typically of a heavier construction than the market benchmark which mitigates the need for replacement and disposal.

Sustainable

We are committed to reducing our carbon footprint. We champion continuous improvement in our recycling techniques and work to improve efficiencies in the usage of finite resources.

Great Value

Being vertically integrated allows us to set our prices below the competition so you can do more while spending less without compromising on quality, design or finish choices.

On-Time Delivery

In our extensive warehouse we house our most popular furniture products that can be quick shipped within 48 hours. For larger projects we offer staged installation to meet your build schedule.

How we work

Consult + Plan

At VE Furniture we believe that the success of any project starts with a complete understanding of requirements, budgets and anticipated outcomes. This may include a site inspection and layout.

Design + Order

Once the requirements have been validated we'll design and manufacture furniture to your specification and time frame with regular updates on progress and delivery timeframes.

Deliver + Install

Goods will be delivered via the fleet of VE trucks at a time that's convenient. If desired we can even pre-assemble + place your furniture, and even remove any rubbish to provide you with our full white glove service.

Care + Support

Once your furniture has been in place and utilised we'll follow up to ensure you're completely satisfied with the products and services supplied and will promptly resolve any concerns in the unlikely event of an issue.

Tables

Studiwell Single Table

The ARFDI approved single Studiwell table grows with you. Radiused corners. 5 height increments. Optional totes.

Model: STU001

W600 x D600 x H495-720

Studiwell Double Table

The ARFDI approved double Studiwell table grows with you. Radiused corners. 5 height increments. Optional totes.

Model: STU002

W1200 x D600 x H495-720

Studiwell Theraplus Single Table

The Theraplus Table is a patented, AFRDI approved ergonomic table with cut out top for wheelchair access.

Model: THE001

W600 x D600 x H495-720

Studiwell Theraplus Double Table

The Theraplus Table is a patented, AFRDI approved ergonomic table with cut out top for wheelchair access.

Model: THE002

W1200 x D600 x H495-720

Classmate Double Table

Durable and affordable, classroom essential tables. Easily configured. Radiused corners. Anti-scratch frame.

Model: CLA003

W1200 x D600 x H720

Classmate Trapezium Table

The durable trapezium table simply adds-on for added space. Easily configured. Radiused corners. Anti-scratch.

Model: CLA004

W1200 x D600 x H720

Tables

Kinetic Pod

The Kinetic Pod docking tables are a perfect and ergonomic solution for getting in close to students. Flip, stack, stow.

Model: KIN001

W500 x D450 x H680-750

Kinetic Coactive

The Coactive features a larger tablet table for additional space. Low profile frame fits under elevated chairs.

Model: KIN002

W550 x D700 x H680-750

Air Lift Student Workstation

Designed to promote positive health benefits, Air Lift transforms from sitting to standing quickly and easily.

Model: ALS001

W1200 x D750 x H740-1100

Whirr Table

The Whirr wind up table features a massive height adjustment up to 1100mm. Available in 4 sizes.

Model: WHI003

W1500 x D750 x H720-1100

Electra Single Workstation

Electra allows you the flexibility to transition from sitting to standing with its whisper quiet motorised lift action. Glides.

Model: ELC001

W1200 x D750 x H643-1293

Electra Double Workstation

Electra allows you the flexibility to transition from sitting to standing with its whisper quiet motorised lift action. Glides.

Model: ARL005

W1200 x D1500 x H630-1280

Tables

Studiwell Activity Table

The Studiwell Activity Table is AFRDI approved and includes cut outs for tote boxes for sensory play. 5 heights.

Model: THE003

W1200 x D600 x H495-720

Podz Activity Table

Seating 4, the Podz Activity Table is supplied with 4 removable totes making them ideal for craft and STEM.

Model: P7G/C021

W1200 x D1200 x H720

Podz Carrel

The Podz Study Carrel features a contemporary design ideal for individual study or private space void from distraction.

Model: P7G/C020

W900 x D600 x H720

Ponder Carrel

The Ponder Carrel is enclosed on three sides creating a private space away from external stimulation.

Model: PON001

W835 x D600 x H720

Visby Table

The Visby table is ideal for a variety of hands on activities and collections. With a round design for close encounters.

Model: VIS001

D900 x H500

Tables

Podz Ocha Square Table

Low level workspace ideal for hands-on group activities. Team with Lilypads. Assembled. Adjustable Feet.

Model: OCH001

W1200 x D1200 x H450

Podz Ocha Round Table

Low level workspace encourages collaborative learning. Team with Lilypads. Assembled. Adjustable Feet.

Model: OCH002

D1200 x H450

Ingot Plateau Table

Simple by design, the classic Ingot table is ideal for casual seating. Team with Geo, Rondo or Cubee ottomans.

Model: ING001

W1350 x D900 x H720

Island Curve Table

Ideal for collaboration and exploration in a group setting. Butt them together, use against a wall or combine with sofas.

Model: ISL004

W1200 x D1200 x H720

iDisc Table

Group projects have never been more fun. Break out and collaborate. Pedestal base. Use with Alto, Rondo or Petal.

Model: IDI004

D1200 x H720

Tables

Shinto Round Table

Ideal for Parent teacher conferences, the Shinto round brings people together.

Model: SHI046

D1200 x H720

Shinto Series Two Table

Shinto Series Two is a multipurpose table ideal for cross table interactions and small group meetings.

Model: SHI013

W1500 x D1500 x H720

Shinto Meeting Table

Our Shinto Meeting Tables are designed for comfortable, informal group gatherings. Optional power.

Model: SHI027

W2400 x D1200 x H720

Shinto Meeting High Table

The Shinto Meeting High Table is ideal for getting a higher perspective, ideal for observing students in the classroom.

Model: SHI028

W2400 x D1200 x H1050

iDisc Table

With a warm, homely feel, the classic pedestal base is nicely weighted providing a fixed base for meetings.

Model: IDI004

D1200 x H720

iFlip Table

Flips and stows so you can wheel it out for meetings or pack it away when not required. Easy roll locking castors.

Model: IFL004

W1200 x D600 x H720

Seating.

Our range of seating comes in a variety of sizes and colours and is designed to endure heavy wear + tear.

This Page: Origami Booth (ORI009)

Opposite Page: Rune Chair (RUN001)

The Fusion Storage Drawer Unit includes 6x large drawers and 12x small drawers in one convenient unit.

Model: FUS006

W1200 x D900 x H904

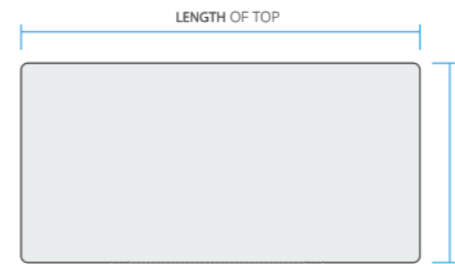

Technical Guide

TABLE CONSIDERATIONS

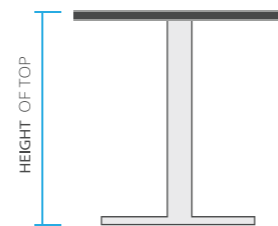

How to select the appropriate table size

Typically, the minimum table size for a single student is 600L x 600D and for two students (or a student + aide) 1200L x 600D. VE tables can be made in custom sizes to suit your students' needs and the activities they'll be undertaking, which may include additional room for eating, drawing, sensory play or educational games like memory matching. When ordering custom sizes please provide the overall length and depth.

How to select the appropriate table height

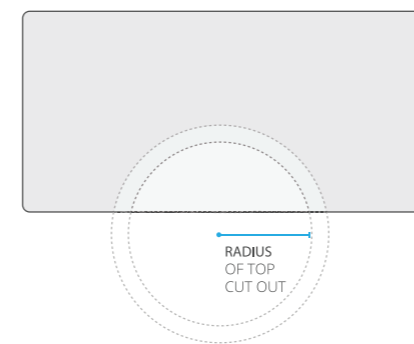

Based on average height for age the following table heights are recommended: Kinder ~ 495H, Prep - Grade 2 ~ 555H, Grade 3 ~ 610H, Grade 4 ~ 660H and Grade 5+ ~ 720H. VE Furniture's **Studiwell** and **Podz** tables offer manual height adjustment with 5 increments to suit all ages for the perfect fit.

For students in Grade 5 and beyond, VE Furniture offers height adjustable tables that transition from seated to standing height such as the **Podz Senior** manual height adjustable tables, **Whirr** wind up tables, **Electra** motorised tables and **Air Lift** pneumatic tables.

How to select a cut out (for wheelchair access or additional support)

As standard, the 600L height adjustable Studiwell Theraplus Table is available with a 380L x 190D cut out for students who require additional arm support, either when seated and/or to allow them to push to stand.

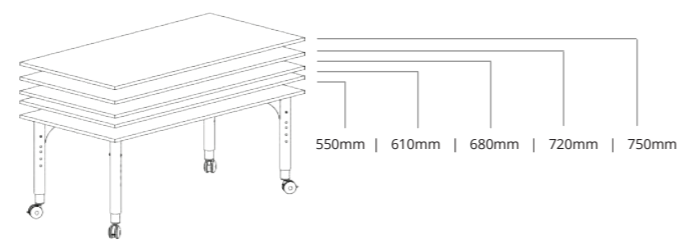

For students in wheelchairs, the 1200L height adjustable Studiwell Theraplus Table is available with a 600L x 325D cut out which allows wheelchair access in the centre of the table with a surrounding table surface. Custom sized cut outs are available on request, please provide the desired length and depth of the cut out, in addition to the overall table size.

Studiwell H/adj Tables

Podz H/adj Tables

Technical Guide

CHAIR CONSIDERATIONS

How to select the appropriate seat height

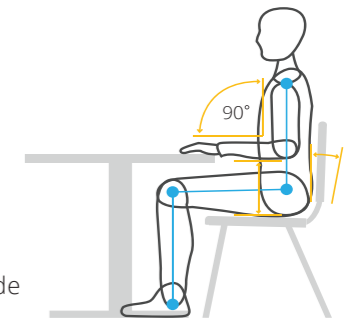

Appropriate seat heights are not only important for maintaining independence and function but to provide stability when the user rises to stand. As a general guideline the recommended seat heights are Kinder ~ 310H, Prep-Grade 2 ~ 350H, Grade 3-4 ~ 385H and Grade 5+ ~ 445H but its more important that feet rest on the floor and that knees, hips and ankles are flexed at 90 degrees. Height adjustable chairs such as the **Theraplus** allow you to adjust the chair to the correct height for your student.

How to select your chair base

Typically, sled based chairs provided more even weight distribution and were easier to slide in and out, but well designed, fit for purpose, 4 leg chairs, such as the **Proform** or **Buzz**, which feature splayed legs to prevent tipping and a lightweight design for ease of movement mean it really just comes down to your own personal preference.

How to select arm rests

Arm rests support the upper limbs and help prevent students from leaning forward which curves the spine and puts load on the back, as such they are recommended for students who have poor posture, weak core strength or diminished muscle tone that requires additional support. As well as posture stabilisation, arm rests are good for students with joint conditions as they provide leverage when getting out of the chair by reducing the force on the lower limbs. They can also prevent students falling out of the chair and provide security for students who like to feel enclosed as the arms act as a boundary.

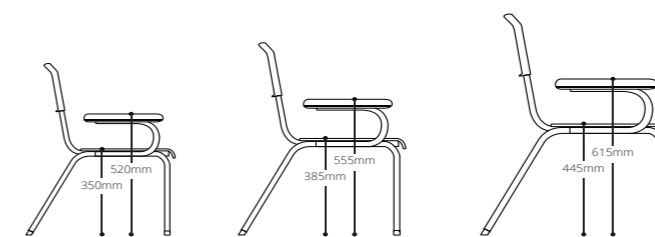

When using arm rests its important that the seat height is correct so the arm rests are perfectly placed to allow a 90 degree angle in arm bend. The **Theraplus** Chair comes in a height adjustable option so you can perfectly position the chair to the correct height.

How to select the appropriate back angle or movement

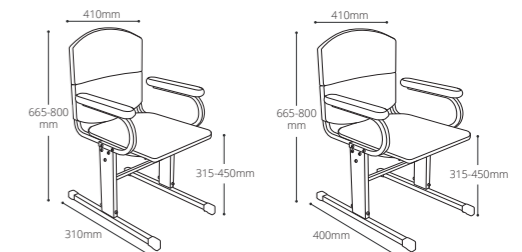

Chairs with straight or **double backs**, such as the **Theraplus** Chair, are designed to enhance trunk stability in students with physical disabilities. These chairs promote an upright posture that actively engages students' muscles to aid in coordination and symmetry and promote circulation and digestion.

Alternatively, students with good posture who struggle to attend to tasks, usually due to attention deficits, benefit from **active** seating such as the **Flex** Chair, **Hexa Bobble** or **Sway** Stools as the controlled movement helps to keep them seated for longer.

Theraplus Chair

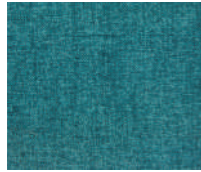

Theraplus Height Adjustable Chair

Materials

Atlas

Atlas is a versatile, durable and affordable textile, ideal for heavy duty upholstery where day-to-day life doesn't have to compromise style and comfort. This collection has been hand selected to work in any kindergarten, early learning space or faculty area.
