Great Value

Being vertically integrated allows us to set our prices below the competition so you can do more while spending less without compromising on quality, design or finish choices.

On-Time Delivery

In our extensive warehouse we house our most popular furniture products that can be quick shipped within 48 hours. For larger projects we offer staged installation to meet your build schedule.

How we work

Consult + Plan
At VE Furniture we believe that the success of any project starts with a complete understanding of requirements, budgets and anticipated outcomes. This may include a site inspection and layout.

Design + Order
Once the requirements have been validated we'll design and manufacture furniture to your specification and time frame with regular updates on progress and delivery timeframes.

Deliver + Install
Goods will be delivered via the fleet of VE trucks at a time that's convenient. If desired we can even pre-assemble + place your furniture, and even remove any rubbish to provide you with our full white glove service.

Care + Support
Once your furniture has been in place and utilised we'll follow up to ensure you're completely satisfied with the products and services supplied and will promptly resolve any concerns in the unlikely event of an issue.
